

HTF Orbital Floor & Deck Sander

The HTF is a powerful, finely balanced orbital floor sander for the sanding and refinishing of all types of wood flooring.

- Ideal for screen and re-coat work
- Effective for sanding pressure treated decks

Performance & Functionality

- 400mm x 115mm (15.75" x 4.5") Sanding Pad With Hook and Loop Face
- Continuous Heavy Duty AC/DC Self-Cooling 4 Brush Motor 178mm (7") Sanding Pad
- Flexible Abrasive Pad System, Best In Class Abrasive Pressure
- High Efficiency Dust Pickup
- Optional Weight Kit For Increased Pressure Applied To Abrasive.
- Easy To Use, Finger Tip Control
- Breaks Down For Easy Transport
- Accidental Start-Up Prevention

Technical Data

Product Codes : 07008 (220/240V), 07009 (110/120V)
Off Load Current : 220/240V = 5A, 110/120V = 8A
Av. Load Current : 220/240V = 8A, 110/120V = 15A
Switch : Biased off, power indicator light.
Motor RPM : 10,000
Disc RPM : 3,000 (off load)
Sanding Pad : 400mm (15.75") x 115mm (4.5")
Abrasive : Self adhesive sheets and pad P40 to P280
Weight Net : 43kg (94.8lbs)

CE
